

# FOR IMMEDIATE ACTION

June 10, 2019

## TO ALL LOCALS

The members of CUPE 2936.01 – Participation House Durham are in a difficult round of bargaining and facing the possibility of taking job action.

After both parties walked away from mediation on Friday, a strike was delayed when both sides agreed to return to mediation tomorrow.

The following link outlines the issues and calls on people to send a message to the Executive Director of Participation House Durham.

**We want to put some pressure on the employer in the lead up to tomorrow's mediation in the hopes that we can get a deal.**
