

OMERS ALERT!

The Government of Ontario is rewriting the rules impacting YOUR voice in YOUR pension.

Defying recommendations by their own expert, the Ontario Government, after more than 20 years of non-governmental interference, have reversed course to give back to themselves control of OMERS.

This is not good for workers. This is not good for employers. Frankly, this is not good for anyone except those who want to keep OMERS operations a secret.

Who should control your pension?

CUPE Ontario believes that your voice should be represented at the OMERS bargaining table without restriction. After all, it is your money!

Recall, the Plan continues to underperform and is still not fully funded - weakened by mismanagement and previous government interference.

Now the Government is deciding if you have a say in your plan. UNACCEPTABLE!

WE PAY! WE WANT A SAY!

Immediate Action Required

CUPE Ontario has launched a campaign to show OMERS and the Government of Ontario that members demand accountability, transparency, and a strong voice at the table, to bargain how their pension is governed.

Sign up, stay informed, and spread the word!

How You Can Help...

1. **Visit** WePayWeWantASay.ca
2. **Sign** on to the campaign today
3. **Share** with other plan members: Police, Fire, CAS, Municipal, School Board, union, and non-union.
